CABLE NEWS IN BRIEF

GERMAN FOREIGN OFFICE

Reorganisation Scheme

(Hong Kong Daily Press Special)
Berlin, May 15.
The reorganisation of the German Foreign Office, which had been under discussion for some time, is now to be carried out during May, according to an official statement issued on Friday night. The re-arrangement of the different sections will roughly resemble the pre-war arrangement, as all political questions will be dealt with by different sections, while all economic questions will be dealt with by a special economic department. Changes in post-war times had resulted in dividing the activities of the Foreign Office in three departments, each of which dealt with a different group of countries, both political and economic questions. The department which after this will deal with political questions will be divided into two sections, one for European political issues and one for extra-European political issues. Each department will be headed by a Minister from the Diplomatic Service. By this arrangement all political affairs concerning the European Great Powers, including England, France and Italy will be kept in one hand. The economic department of the Foreign Office is to have increased significance, and will act as intermediary between the German Economic bodies and German public authorities on one hand, and the foreign Governments and their nationals on the other.—

GUATEMALA TO WITHDRAW

League Notified

(Hong Kong Daily Press Special)
Geneva, May 15.
The decision of Guatemala to withdraw from the League of Nations was communicated to the Secretary General of the League in a telegram published on Friday. The telegram merely informs the Secretary General that the Guatemalan Government is preparing a note to the League of Nations giving formal notice that it intends to terminate its membership, and setting forth the reasons for this decision. Nothing is at present known as to the motives which led Guatemala to take this decision, Guatemala being one of the original members of the League.
It is however taken, in conjunction with the attitude of Chile and Ecuador against the sanctions as sign of a general discontent of the South American State with the League policy.—

Arab Demonstrators in Jaffa attacked the police with stones on Friday after the usual prayers at the Mosque. The officials fired on the Arabs, of whom some were killed and 18 wounded. In the present agitated state of feeling the chief task of the police is to prevent the occurrence of any incidents which might lead to a general political conflagration, hence this episode is greatly increasing the tension arising after the expiry of Friday's ultimatum of the Arabs to the High Commissioner.—

BLUM OUTLINES HIS AIMS

Prospective Premier In France

(Hong Kong Daily Press Special)
Paris, May 15.
Leon Blum, the leader of French Socialists and prospective Premier, in a speech on French Foreign Policy held at a luncheon given in his honour by the American Club, declared that France desired to live at peace with all nations, no matter on which principles their home politics were based. France's endeavour was to remove all cause for disputes, which could one day give rise to war.
"We want peaceful relations with all nations of goodwill, and do not for one moment tolerate the idea of a repressive or propaganda war."
Referring to his Jewish origin, Blum said he had never made a secret out of his belonging to a race, which had to thank the French Revolution for its freedom and liberty. Blum made a plea for the removal of the various customs walls, and concluded by saying that only an economic renaissance in Europe and the World could provide real security and thus banish all thought of war.—

AIR THRILLS OVER EVEREST

Scots Pilots' Story Of Houston Flight

London, Apr. 27. Some vivid stories of the risks run by the men who actually flew over Mount Everest in the Houston air expedition of three years ago are told in "The Pilots' Book of Everest" (Hodge), by Squadron-Leader Lord Clydesdale and Flight-Lieutenant D. F. McIntyre. The two sources of excitement and danger in the air over the giant peaks were mishaps with the oxygen apparatus (vital in the rarefied air at 30,000 feet), and wind currents which cut down the planes' climbing power at a moment when they desperately needed it in order to clear the Himalaya heights at a reasonably safe altitude.

A particularly nasty half-hour or so came the way of McIntyre and his camera-man—Bonnett, of the film unit—when they were in the midst of the first flight over the peak.

As we swept round the north side of Everest and swung left to come over the top, Bonnett went below to fill his camera with film for the summit. While he crouched down in the cockpit he unfortunately trod on his oxygen feed-pipe, and on rising pulled and fractured the pipe close to the mask. The first he knew about it was that he had weakened and could no longer support the weight of his camera.

He sank on to the floor, and with his remaining consciousness checked over the oxygen flow and its heating apparatus. Finding nothing wrong there, he felt for a leakage, found the fracture, and bound a handkerchief over the break.

He made another vain attempt to struggle up into the slipstream with his camera. The effort used up what little strength was left, and he collapsed unconscious on the floor.

SIXTY ANXIOUS MILES

McIntyre, who was waiting for him to reappear, realised there was something far wrong which he was powerless to put right, and decided to register the Everest summit on the plane's survey camera, and then lose height as quickly as possible for Bonnett's sake. Then he, too, had an accident with his oxygen apparatus.

I suddenly had the sensation of freezing cold around the nose and mouth... actually the complete metal nose-piece (of his flying helmet), carrying the microphone and oxygen feed, had dropped from the mask and was lying on my knee. In my anxiety for Bonnett I had no doubt turned my head too far round, and dragged the nose-piece away from the mask. I quickly tried to get it back in position and refix it, but found this impossible with heavy gloves. I was compelled to hold it in place.

The first 60 miles of the return flight proved the most unpleasant I have ever experienced. Throughout that long half-hour I was holding the oxygen feed against the mask with one hand, and with the other flying the aircraft, regulating engine temperature, oxygen flow, and altitude boost control.

I was worried about Bonnett lying unconscious or dead in the rear cockpit, and was tempted to lose height faster than was safe to see if the figure of Bonnett would come to life with the decrease in altitude. Not a movement until we were... at 8000 feet, and by that time I had given up all hope.

Then... to my intense relief, Bonnett was struggling up from the floor, tearing off mask and headgear. He was a nasty dark green shade, but obviously alive, and that was enough for the moment.

STRUGGLING FOR HEIGHT

The wind currents in the lee of Everest summit gave both pilots some moments of acute anxiety—particularly McIntyre, who was a little lower than Lord Clydesdale—when the planes encountered a powerful and persistent down-draught due to the deflection of the wind over the mountain.

The trouble was that there was no room to make an offing, and the position called for extremely expert flying.

Within a few seconds [writes Lord Clydesdale of his plane] we lost 2000 feet of height. This brought us down to below the level of the summit, and the peaks of [writes McIntyre] seemed uncomfortably close. Down we went irresistibly in this current, al-

though the engine throttle was wide open and the machine still at its maximum flying angle.

I ignored flying by instruments, and flew entirely by sight, watching Lhotse carefully to make sure that I should be able to clear it. These peaks I actually cleared by a smaller margin than I feared then or later to think about, and in doing so I went through what appeared to be part of the plume of Everest (the stream of snow swept from the summit like a cloud by the wind), and received the one and only bump, a moderately hefty one, that I experienced throughout the flight over the high mountains.

AGAINST ORDERS

It was a cruel stroke of misfortune that after all the dangers of this first flight the cameras proved to have been insufficiently protected to function properly. That was the reason for the second survey flight, which was actually carried out against orders from home and in less favourable conditions.

But the insubordination was entirely successful in results, and by the one magnificent bit of luck attending the expedition the camera that jammed in one plane stopped at the point which the camera in the other plane had travelled to meet with its last length of film.

PLANS FOR ASSEMBLY WEEK

Two Great Meetings For Women In Edinburgh

MISSIONS AND GUILD

London, Apr. 28.

Preparations for two great meetings of women are included in the arrangements for this year's General Assembly of the Church of Scotland. The detailed plans are contained in the May issue of "Life and Work," which was published yesterday.

These meetings are more or less on the lines of previous meetings during Assembly Week, and are again to be held in the Usher Hall.

A women's foreign missions meeting is to be held about the work abroad by Mrs. Donald Fraser, Livingstonia, among others, and is to be addressed by the Moderator, the Right Rev. Dr. Daniel Lamont. The meeting is to be held at three o'clock on May 20.

SOCIAL SIDE CURTAILED

The other meeting is to be held by the Women's Guild on the afternoon that the Assembly opens—May 19. The Lord High Commissioner and Lady Kinnaird and the Moderator are to attend.

The social side of this year's Assembly is to be curtailed a little, as already intimated, owing to the death of King George. The Court will still be in full mourning, and therefore there is to be no garden party or evening reception, and luncheon and dinner parties are to be on a smaller scale and restricted to men only.

King Edward has expressed the wish, however, that the traditional ceremony of handing over the keys of the city of Edinburgh to the Lord High Commissioner and the leaves at the Palace of Holyroodhouse should be carried out as before.

The "big night" at the Church of Scotland Assembly will be "Overseas Night" on May 20, "Home Mission Night" on May 22, and a special meeting entitled "Youth and Education" on May 25.

Thursday, May 21, is to be devoted in the Assembly to discussion on foreign missions.

the pay of "a certain foreign power" to disrupt the Tomsk railway.

Ten others were sentenced to ten years' imprisonment on similar charges.

Tribunal found that the three who were sentenced to death misdirected trains carrying important military freight to the Far East and hired railway workers in the interests of "a certain foreign secret service," placed documents in the hands of that organisation and otherwise disrupted the work of the railway.

"COLLARS" AT THE KING'S LEVEE

London, April 29.

When the King holds the second Levee of his reign at St. James's Palace on May 28 holders of certain orders will wear their "collars." This is because the Levee coincides with the birthday of Queen Mary, and notices announcing it bear the footnote "N.B.—May 28 is a Collar Day."

Collar days—there were thirty-five last year—are days on which if decorations are worn, the ribbon of the Garter, the Thistle, the Bath, St. Michael and St. George, the Royal Victorian Order, and certain other Orders is replaced by the collar of the Order. It is laid down in Court regulations that collars must not be worn after sunset, except by the King's special command, so that they are rarely seen at public dinners or receptions. The collar—with the badge of the Order suspended from it—is worn under the shoulder straps or epaulets of uniforms, fastened with white satin bows, one and a half inches wide, at either side.

Easter Sunday, Monday, and Tuesday, Whit Sunday, Monday and Tuesday, Christmas Day, the King's birthday, Accession Day, New Year's Day, Coronation Day, Candlemas, and certain saints' days are "Collar Days." When the King opens or prorogues Parliament "collars" are worn, too. Most interesting of all the Collar Days is May 29, officially known as the day of "Restoration of the Royal Family." On this day "collars" are worn to commemorate the restoration of King Charles II.

Gen. Goering's appointment was the chief subject of discussion on the Berlin Bourse. There was general agreement that it will tend to strengthen the position of Dr. Goering, Minister of Economics and President of the Reichsbank, in any conflicts with the Nazi party.

As reported in "The Daily Telegraph" recently, he has been given the key post of special controller of raw materials and foreign exchange supplies, and is likely to be confirmed as sub-dictator over all those ministries which have non-Nazi Ministers at their head. He is 43, four years younger than Herr Hitler.

MORE POWER FOR DR. SCHACHT

Berlin, Apr. 28. Gen. Goering, Prime Minister of Prussia and Air Minister, is now regarded in well-informed circles as Herr Hitler's destined successor as Leader and Chancellor. His position to-day approximates to that of Vice-Chancellor. As reported in "The Daily Telegraph" recently, he has been given the key post of special controller of raw materials and foreign exchange supplies, and is likely to be confirmed as sub-dictator over all those ministries which have non-Nazi Ministers at their head. 4 ROYAL GIFTS TO BRIDE

London, April 25.

Queen Mary has sent a blue enamel and silver gilt dressing set to Lady Angela Scott, the Duchess of Gloucester's sister, as a wedding present. Other royal gifts include an evening bag from the Princess Royal and the Earl of Harewood, a diamond wristlet watch from the Duke and Duchess of Gloucester and a jade ornament from the Duke of Kent.

When Lady Angela marries Lieutenant-Commander Dawnay at St. Margaret's Westminster, on Tuesday, she will be given away by her brother, the Duke of Buccleuch, and with the exception of Lady Rachel Douglas Home and Miss Jean Scott, her eight bridesmaids will be children.

RENEE HOUSTON

Students Charged

Several Edinburgh University students have been charged by the police in connection with the kidnapping from the Empire Theatre, Edinburgh, of Miss Renee Houston.

Whether the charges will come to court depends on Mr. James Adair, the Procurator Fiscal.

Police are still pursuing their inquiries and have made a preliminary report.

Sir Thomas Holland, Principal of the University, stated yesterday that there had been fifteen names handed in, and it was expected that others would follow.

"The university authorities," he said, "appreciated very highly the way in which Miss Houston, and her husband had dealt with the matter."

"Her generosity however, would not relieve the university authorities from dealing with the students who carried out a raid of such a stupid nature."

Members of the Students' Representative Council interviewed Miss Houston yesterday. One of them, Mr. Dawson, expressed regret at the incident of Tuesday night.

Mr. Pat Aherne (Miss Houston's husband) said that he and his wife quite realised that the affair had nothing to do with the Students' Representative Council or with the Charities' Committee.

M.P.'S QUESTION

Miss Houston was most anxious that the students' efforts on behalf of charity should not suffer because of the action of a few irresponsible persons, and she would show her sympathy towards the movement by appearing at the charity ball to be held in Edinburgh to-night.

But a new development is a meeting Mr. J. M. Walker (Convener of the Students' Charity Committee) and Mr. A. M. Milne (Amusements Convener of the Students' Representative Council), and the proprietor of the revue and the theatre officials.

The latter announced their intention of making a claim on the official students' body for loss incurred as a result of the incident.

The students' representatives pointed out that the incidents had no connection whatever with charity organisation, and were immediately repudiated when known.

The Archbishop of Canterbury will officiate.

CATHAY DANCE FLOOR

Opening Night Success

The new Cathay ballroom on the sixth floor of the King's Theatre Building, proved immensely popular with Hong Kong dancers on the opening night on Saturday when a big crowd thronged the floor.

Attractively decorated and equipped with a first class floor, the ballroom is sure to appeal to dancers.

Earl Whaley's all American negro orchestra is a bright combination and has a big repertoire of the latest dance hits.

The ballroom is open daily from 7.30 p.m. for tea dances and from 8 p.m. to 1 a.m.

GIVE US THIS NIGHT

AT THE QUEEN'S

"Give Us This Night," a musical romance, set against the background of Naples, co-starring the singing team of Jan Kiepura and Gladys Swarthout, now showing at the Queen's Theatre, should draw crowded houses, if only for the fine singing of these two stars, whose exquisite voices are heard to good advantage.

"Give Us This Night" is the story of a young fisherman's rise to fame on the opera stage through the efforts of a beautiful girl star and a middle-aged composer. It reaches its climax when the two men struggle for the love of the girl.

The story besides being an entertaining and delightful one has half a dozen popular song hits and includes a complete original opera. Phillip Merivale and Benny Baker head the supporting cast.

The picture is grand entertainment.

THE CASE OF THE LUCKY LEGS

Warren William, who is now playing his third role as Perry Mason, the lawyer-detective in Erle Stanley Gardner's most exciting story, has spent his time between pictures studying law to perfect his film work.

Before starting work on the first National production, "The Case of the Lucky Legs" which is due at the Queen's Theatre shortly, he finished the first ten volumes of California Jurisprudence and was well into McKinney's Digest.

This is the third time William has played the part of Perry Mason. Genevieve Tobin and Patricia Ellis are featured with him in the picture.

Others in the cast of "The Case of the Lucky Legs" include Lyle Talbot, Allen Jenkins, Peggy Shannon and Barton MacLane. Archie L. Mayo directed from the screen play by Brown Holmes and Ben Markson.

CAPTAIN JANUARY

AT THE KING'S AND ALHAMBRA THEATRES

Diminutive Shirley Temple, who had annexed the title of "World's Sweetheart" formerly associated with Mary Pickford, in "Captain January" showing concurrently at the King's and Alhambra Theatres, further enhances her claims for validity as sweetheart of the world, with her latest performance.

True the other characters who contribute to a pleasing story are somewhat kept in the background so as to allow Shirley full scope to dominate the scenes, yet the picture lacks little for this obvious arrangement, as Shirley gives a performance that tops anything yet attempted by the child star.

Her dancing when she taps with Buddy "Broadway" Ebsen is by far the best that Shirley has given the screen, and is eloquent testimony of the girl's progress since she first attained stardom. Her singing leaves little to be desired, and her impersonation of an operatic star is hilarious to say the very least. "Good morning," and "At the Cobble Ball" will be the dance favourites for some time to come. This is a safe prediction.

Guy Kibbee and Slim Summerville lend adequate support as two old "sea salts" while June Lang, a new find—makes her film debut. Buddy Ebsen, famous for his tap dancing is shown in one great scene with Shirley following which he gradually fades out. "Captain January" is bound to further endear Miss Temple in the hearts of her followers.—
"Redincam"

"EXCLUSIVE STORY"

Romantic and exciting at the same time is the new Metro-Goldwyn-Mayer picture, "Exclusive Story," coming to the Alhambra Theatre on Tuesday, with Franchot Tone and Madge Evans co-starring in the leading roles.

Based on Martin Mooney's discoveries in exposing the notorious "numbers racket" of New York, it is a swift moving tale of the crusade and capture of these modern-day public enemies by a daring young attorney, with the help of a beautiful girl, herself the daughter of a racket victim.

Both Tone and Miss Evans are excellent in these roles. It is their first time together and, judging from their success, they will be teamed often again in the future.

Stuart Erwin plays his role of the not-so-dumb newspaper reporter with customary finesse and humour.

Joseph Calleia, the screen's number one "menace," gives a brilliant characterization as the steel-hearted "brains" of the ruthless gang.

Others in the large cast are Robert Barrat, J. Farrell MacDonald, Louise Henry, Margaret Irving, Wade Boteler, Charles Trowbridge and William Henry.

George Seitz has directed his picture in the swift, crisp narrative form best adapted to this thrilling type of story. Nothing is allowed to interrupt the dramatic progress of the pursued and the pursuing. Lucien Hubbard has given the production intelligent guidance and perfect casting.

MARY BURNS, FUGITIVE

Sylvia Sidney reaches the top of her form as a dramatic actress in her latest starring vehicle, "Mary Burns, Fugitive," a gripping, romantic drama of an innocent girl hunted by the law, which opened at the Star Theatre yesterday.

Deeply moving, soul-stirring in every scene, "Mary Burns, Fugitive" tells the graphic story of Miss Sidney, who owns and runs a roadside tea room in the Catskill Mountains. She meets and falls in love with Alan Baxter, handsome, ex-football hero. Unaware that he has turned public enemy, she consents to marry him. Escaping from stolen bonds, he is trapped in Miss Sidney's restaurant, but makes a getaway. Arrested as his accomplice, she is sentenced to 15 years in prison. Breaking jail with her cell mate, Bert Kelton, the two girls escape. Not knowing that Miss Kelton is in league with G-men who believe Miss Sidney will seek Baxter's

d'Aquino Duo Appear At Charity Concert

GOOD CHORAL WORK

Saturday's charity concert at the Club de Recreio was an ambitious programme of high class music, excellently rendered by some of the Colony's best vocalists and Prof. E. Gualdi's choral group.

Outstanding among the soloists was Mr. Eneas d'Aquino, father of the popular young tenor Gaston d'Aquino. A regular performer in Hong Kong many years ago, d'Aquino senior appeared for the first time after several years absence in "Solenne in quest'ora" from Verdi's "Forza del Destino" with his son and then earned a hearty applause with Tosti's "Ideale" solo.

The programme was an excellently balanced one of melodious operatic excerpts, instrumental items and choral works in English and Italian.

Miss Alison Mackenzie accompanied the choral items and the soloists were assisted at the piano by Mr. Lyla Gourevitch and Prof. Gualdi.

Proceeds of the concert are in aid of St. Vincent de Paul's Society. The programme was:—

hideout as soon as she is free.

Miss Sidney gets a job in a hospital. There she meets Melvyn Douglas, temporarily blind scientist who falls in love with her.

Pursued by Baxter's gang who try to capture her, Miss Sidney is forced to roam the country, a fugitive from justice, relentlessly pursued by her former sweetheart, Baxter, who refuses to give her up. Seeking refuge in Douglas' home, the two are about to be married when Baxter appears, threatening to kill Douglas.

A thrilling climax brings the drama to an exciting end. William K. Howard did an excellent job on direction.

NO PERMIT TO SELL LIQUORS

WHITE DANCING ACADEMY

Fined \$500

Charged with dispensing intoxicating liquors on the premises of the White Dancing Academy, Li Tai-yau appeared on remand before Mr. S. F. Balfour at the Central Court on Saturday and was fined \$500.

R. O. Grimmit was for the prosecution. It will be recalled that at the previous hearing Sapper T. Tyas of the Royal Engineers testified to having bought a bottle of beer on the premises for forty five cents.

On Saturday Sub-Inspector Whelan gave evidence of the raid and said that when the defendant was asked he admitted to having no license for the sale of liquors. Defendant said that he was responsible for the premises and the conduct of the "boys". Witness stated that he made a search of the sideboard and had found a quantity of liquor and some chips pertaining to the purchases of the beer. He also found a price list for food and wine and a quantity of coupons.

Defendant stated that some of the things found were his and were for a cafe which he contemplated establishing. It was for this cafe that the price list was intended. Defendant went on to say that he had not received any money from the European for the bar, the drinks were three for sample purposes.

The place was opened for the Royal Engineers. He got no money for the sale, if they paid the "boy" he did not receive any of it.

R. O. Grimmit then gave corroborative evidence of the raid after which the defendant again said that he did not sell for money, he only gave the drinks to his friends in the Royal Engineers.

Ho Kwok-fun an ex-Hongkong Hotel "boy", stated that he had lived with the defendant and had heard him say of his intention of establishing a place for the R.E. people. Very few people went there, he stated.

Chui Chak-son, a Chinese teacher said that he also lived at the same address and that he did not think that the place was for selling wine but only for the mere entertainment of the defendant's friends who whenever they came were given something to drink.

R. O. Grimmit said that the I. & E. Department had asked that His Worship take a serious view of the case as sailors and soldiers under the influence of drinks, had been seen leaving the place in the company of girls. A license to sell liquors costs \$1,000. In view of the high cost of the license, Mr. Balfour fined the defendant \$500.

RICE STOLEN FROM STEAMER

TWO JUNKS INVOLVED

Fines Imposed On Occupants

Robbery of 19 sacks of rice by two junks, involving five people, was related to Mr. E. Himsworth at the Kowloon Magistracy on Saturday when the master and mistress of junk No. 115V, Wong Yau (39) and Kwok Wan (33), were charged with possession of one bag containing 84 lbs. of rice suspected to have been stolen, and Chung Ho (32) master of junk No. B.5187V, Leung Sing (30) fold, and Tang Ngai (57) widow of No. 329 Queen's Road West, were charged with theft of 18 sacks of rice.

The two cases were taken separately, Crown Sergeant M. Mattinson prosecuted in both cases.

The prosecuting officer stated that whilst on duty on police launch No. 5, the two junks were alongside the s.s. Prominent, which was unloading rice. On the first junk, the accused dumped two sacks of rice over the side. They claimed that the rice had been given them by an unknown man on board the steamer.

Regarding Junk No. B.5187V, a search on board revealed eighteen sacks in the hold. These were also claimed to have been loaded on the instructions of an unknown person.

All the accused were fined \$5 or in default two weeks' imprisonment, while Leung Sing, who admitted a previous conviction for a breach against the opium ordinance, was fined \$20 or six weeks' imprisonment.

RAIN MARS RACING ON SATURDAY

Low Dividends And Poor Attendance

FAVOURITES WELL BACKED

The bright sunny weather which prevailed during the whole of last week suddenly took a turn for the worse on Saturday, which was somewhat responsible for the poor attendance and low dividends at the Fifth Extra Race Meeting of the Hong Kong Jockey Club. During the course of the day rain fell intermittently with the result that the course was inclined to be on the heavy side.

Favourites had a very successful day, but despite this fact there were several close and exciting finishes with a very short head separating the winners. Only two dividends reached the thirty mark; Stopwatch paid \$32.90 for a win and Mayflower paid \$32.40 for another win in the last race of the day. Cash sweep dividends were decidedly on the low side. The first prize in the \$2 cash sweep for the seventh race only yielded \$1,750. The successful combination of Ythan and Stopwatch in the Daily Double paid \$181.90 each to its 20 lucky punters.

Riding honours were very evenly divided; Mr. H. C. Pih had two firsts and a second followed by Mr. N. Deltz with two firsts and a third, Mr. P. P. Botelho with two firsts, Mr. D. Black with a first, two seconds and two thirds and Mr. Ip Kiu Ying with a first and a third.

SEVERAL CLOSE FINISHES

SHING MUN HANDICAP—"A" CLASS

The rain earlier in the day made the track look green and in a good condition. It should be able to help along with some fast times. All five of the entries accepted for the first race of six furlongs. Just before the start rain threatened to fall. Soldier of Britain was left behind at the start as Gladiator took the lead with Honeycomb Eve and Oak Bay in the rear. At the half mile post Royal Scot was in the rear while Soldier of Britain and Oak Bay were going neck to neck in front. Near the last quarter Royal Scot came up beautifully and slowly but surely proved its superiority when challenged by Oak Bay. Gladiator took up the third position. The time was only 2/5 of a second within the record.

NANLING HANDICAP

Rain was falling intermittently when the second race started. Attendance was below the average. The one mile dash attracted 10 starters. Merry Jester was whipped at the start as it took the lead, while Rugby Star and Hummer (favourite) were in the rear. The positions changed alternately as the race went on. At the half mile post Cassius took the lead while Ocean View spurred to take second place but was strongly challenged by Cassius. Eventually Cassius took second place, from Ocean View with Humber 2 1/2 lengths ahead.

BRISBANE SPRING HANDICAP
Perfect Day was badly left behind as Double Breeze snowed a pair of clean heels to Australian Boy and Electron. The last pace set by the leader was only kept up till the half mile post when Electron took over the leadership. By the time the last quarter was arrived at Strathroy the favourite passed the leader easily and romped home an easy winner followed by Electron and Australian Boy.

WEST RIVER HANDICAP—"C" CLASS

Harvest View was leading as the ponies rounded the home post for the first time. Soon Tyne and King's Bounty were on his heels and when near the half mile post Flybynight had come up to the front. At the last quarter the ponies were bunched together and it was a thrilling sight to see the ponies racing neck to neck. Ribble came up from the rear and challenged Flybynight strongly, to win eventually by a length, while Harvest View was third.

PEI-HO HANDICAP—"D" CLASS

Thirteen ponies accepted for the first leg of the Daily Double. Night View was badly left behind at the start with Ythan leading followed by Foxbridge and Gold Coin. Gold Coin took up the second position at the half mile post with Ythan still leading. On the home stretch Foxbridge came up but was unable to stand the pace and Ythan despite a strong challenge from Plain View won by a neck, a short head separating Plain View from Seventeenth of September.

WALLSEND HANDICAP—"B" CLASS

Ranger was way ahead as Rose Ann was left standing at the gate. Violet Queen was next in position with Halcyon following behind. Halcyon took over the leadership

round the Black Rock, and it was on the home stretch that Centur Court came into prominence when with a spirited burst took the lead to win by a length. Goldsmith, Halcyon and Night Star were fighting neck to neck for the other places and the ponies finished in the order named with a short head separating them.

PEI-HO HANDICAP—"D" CLASS

The largest field of the day was entered for the second leg of the Daily Double—16 entries—and incidentally this was the race on which the \$2 sweep was based. The first surprise of the day was provided by Stopwatch when the pony after being in the rear romped home a winner with West Parade Second and Sylvandole third.

At the start Blue Ribbon was left behind with Belmont Star and Hopscotch alternating in the first position.

YANGTZE HANDICAP—"B" CLASS

A very heavy shower fell about 10 minutes before the race and later the sun was trying to peep out. King's Fancy led from the start to win a well judged race from King's Justice by half a length, while Mistake Bay who gave the second pony a good race was third, a short head behind. It was a close finish, when on the stretch the three ponies were very near each other but King's Fancy, the favourite outstayed the rest.

HWANG HO HANDICAP—"C" CLASS

Thirteen starters went to the starting post for the Novices Race. This was about the most exciting and thrilling finish of the day and provided a fitting finish to the day's racing. Victoria, Hall was leading followed by Tiny Star and King's Sceptre.

The positions changed hands alternately until the last quarter when Boolat Bay took the lead. Then a great struggle ensued between Boolat Bay and Pontiac Bay, but Mayflower dashed out to challenge strongly and despite Mr. Choy Wing Chiu's masterly riding was unable to stay off the challenge. The order of the finish was: Mayflower, Boolat Bay and Pontiac Bay.

BURIED YESTERDAY

The sudden death occurred yesterday, of an old and highly respected Indian resident, Mr. H.M.H. Esmail, at his residence, 9, Village Road, Happy Valley.

Mr. Esmail returned on the Saturday afternoon train from Canton, apparently in the best of health, and spent a happy evening with his family. Yesterday morning he complained of feeling ill, and died two hours after rising. The cause of death is stated to be heart failure.

Mr. Esmail came to the Colony from Bombay as a young man and some years later established himself in business as an importer and exporter. He was also a member of the Hong Kong Shareholders Association.

Mr. Esmail leaves a widow, four sons and five daughters.

TO GET RID OF STOMACH TROUBLES

An
English Doctor
writes:—

"I find that 'Bisurated' Magnesia taken after most of my meals is the only thing that keeps me free from pain and discomfort, and I take it regularly. I often prescribe it for my patients, and have had very good results."
(Signed) Dr. H. G. HARRIS, M.A., M.R.C.S., L.R.C.P.

THE English doctor is the most conservative medical man in the world, and when he not only recommends but personally uses a remedy there can be no more convincing proof of its efficacy. This doctor is but one of many who constantly advise the use of "Bisurated" Magnesia in all cases of indigestion. Most stomach trouble is caused by acidity, and the reason why "Bisurated" Magnesia gives quick relief is that it instantly neutralises excess acid and soothes, heals and strengthens the inflamed stomach lining. Nothing could be simpler, safer or surer. If you suffer with indigestion or stomach disorder of any kind put your faith in European science and make an end of your troubles by taking "Bisurated" Magnesia after eating or whenever pain is felt.

SKYWAYS FOR HIGHWAYS

When the British House of Commons is called upon to discuss the Air Ministry it usually finds itself concerned with two strangely contrasting problems: the destructive purposes to which air strength is devoted; the splendid civilizing work that can be done by civil aviation. Happily, in a recent discussion of his department, the Minister, Lord Swinton, having explained the proposed huge expansion of the air force for fighting purposes, was able to turn to the promising expansion of the civil flying services.

The Empire imposes upon Great Britain the necessity of bringing far-flung spaces closer together in time. Air-mail services must be quick, cheap, regular. They must carry passengers safely and in comfort. They must link up all the scattered areas, and it is important that in the near future they should co-operate in providing communications with the United States and Canada.

The foundations of British air transport policy are now firmly laid. It is to the credit of British enterprise that the part taken by the Government is comparatively small. While the Government enforces strict regulations, and confers a monopoly on Imperial Airways over all Empire and transatlantic routes, the subsidy it grants is about one third of that paid to air services last year by the French Government, and two thirds that paid by the Italian Government.

Yet the ton-mileage carried by Imperial Airways was much greater than the corresponding French and Italian figures. The mileage of the Imperial air routes is 21,243. Plans have been made which will extend these to 41,405.

The last fifteen months have been a period of intensified efforts in long-distance flying. It would be easy to arrange spectacular record-breaking flights. But such flights do not meet the needs of a reliable Empire service. For this several factors are necessary: safety and reliability—engines of soundest make and pilots men of highest experience; the highest speed which is consistent with the maintenance of an exact time-table; there must be elaborate ground organization and co-operation with the countries to be visited. And there is another desideratum—ceaseless enterprise in opening up new routes. The next field of conquest is to be the Atlantic.

The success which is anticipated here, and has been prepared for by many experiments, can be complete only if there is close co-operation with Pan American Airways and its affiliates. The task that has yet to be performed is a gigantic one. In character it is fundamentally different from that of military air forces. Its function is the civilizing one of bringing countries closer together; and though it works through national agencies, its success at every stage depends on friendly co-operation with air interests in other countries.

NEW JAPANESE AMBASSADOR

China Policy Being Framed

Nanking, May 17. Mr. Shigeru Kawagoe, the new Japanese Ambassador, will arrive here some time in June.

In Tokyo Mr. Kawagoe is drawing up a new policy towards China based on Premier Koki Hirota's three principles, namely Sino-Japanese co-operation in suppressing the Communists, recognition of Manchukuo and economic alliance among China, Japan and Manchukuo.

The new policy is likely to be adopted by the Japanese Cabinet. (Union News.)

KWANGCHOUWAN INCIDENT

Chinese Press For Compensation

(From Our Special Correspondent)

Canton, May 17.

Representatives of Chinese residents in Kwangchowwan have urged the Canton authorities to take steps to secure compensation for five Chinese killed and twelve wounded in Kwangchowwan on April 23. It is understood that Dr. Kan Chia-hou, Special Delegate of the Ministry of Foreign Affairs, will lodge a protest with the French Consul General on Monday against the shooting.

Over ten thousand people took part in the petition against the collection of the head tax, and owing to misunderstanding the French troops opened fire on the petitioners. The firing was ordered by a French second lieutenant with whom the Chinese had a grievance.

The officer was sent early in April to investigate the living conditions of the Chinese people in Kwangchowwan who were opposing the land tax. He reported that the people were not so poor as reported, as he found they were having good meals.

The truth is that many homes in Kwangchowwan were destroyed by a tidal wave. The French authorities then took a census, and the people were under the impression that a head tax would be collected. When the French lieutenant saw the coming of the petitioners, he thought they were going to beat him. Hence the troops fired on the petitioners.

Kwangchowwan people have also asked the French authorities in Indo-China for redress. The extreme elements are clamouring for the retrocession of the leased territory to China.

LIUKIANG COAL MINE

Chinese To Sell To Japanese Company

Tientsin, May 17.

As a result of protracted negotiation, the Board of Directors of the Liukiang Coal Mine has decided to sell the Liukiang mines to the Japanese Taihoku Coal Mine at a price of \$600,000. The manager of the Japanese coal mining company left here for Japan to ask the Japanese Foreign and Colonial Offices to raise funds for the purchase of the Chinese coal mine.

It may be recalled that the Liukiang coal mine had been forcibly occupied by the Japanese Taihoku Company last year, which made it impossible for the Chinese company to do anything else, except to sell the mining rights to the Japanese company.

With the pressure of foreign competition, other Chinese mining companies, including the Changchen and Paoshin coal mines, have suspended their operations, after the occupation of the Liukiang coal mine by the Japanese. (Union News.)

If Gossip We Must

(BY "DAWN")

Col. Brewer and the Officers of the Punjab Regiment gave, last Thursday evening, a most successful and enjoyable Cocktail Party which was attended by a large crowd of people, mostly Army, but a sprinkling from the Navy also, and considering there are so few of them left in Hong Kong just now they didn't do so badly. The Party was held outside on the lawn which was an ideal place as it was a very hot evening and there was plenty of space to move round and talk to your friends. The Regimental Band which played during the evening, added a picturesque note to the gathering, and how very well they played. Mrs. Campbell was a delightful hostess and looked after everybody so well.

Col. and Mrs. Kirke were there also their daughter Brenda. Mrs. Walker was in the most lovely shade of pale green chiffon imaginable and was entertaining a large party which included "Tiny" Munroe. Mrs. Hayter, who unfortunately we shall soon be losing as she is going up North, was looking so cool and fresh in a flowered frock I think of brown, but in the dim light it was not very easy to distinguish the clothes and colours correctly. Mrs. Kyall also looking very summery was there, but unfortunately her husband was unable to come with her. The Rees' and the Becks' had come over from the Peak and the Moores' from Talkoo. Mrs. Lock was very smart in a two-piece ensemble of dark red with tiny white spots and a white straw sailor hat. Squadron Leader Dalzell seemed to be the sole representative from the R.A.F. Miss Chauvin was there but seemed to be one of the ones who left early. Col. Marsh seemed full of the joys of spring as usual; also Lt. Commander Dwan, who is another of our Hong Kong friends who will shortly be going up North.

There were masses more people there, but I have neither time nor space to be able to tell you any more I am afraid, but all those who were not at the party missed a really good show.

In spite of the Gloucester Hotel opening their new weekly special Dinner Dance out on the Terrace of the Gloucester and Doreen Ma and George Bond providing the public with a new form of dance music, and The Cathay Ballroom over the King's Cinema holding its opening night, the Hong Kong Hotel still seems to be able to hold its own and on Saturday there was an extension and later in the evening it became fuller and fuller. The flowers were lovely, almost the best that I have ever seen there. The tables were all beautifully decorated and large stands of flowers by every pillar. There were really very few of the Saturday night "Regulars" to be seen, but I suppose a change is good for everyone. Mr. Loveless was dining a deux with his fiancée Miss Sheridan who is from Shanghai. Mrs. Fredrick in a flowered dress was there, Rosemary and Margaret King were in a small party which included

Lt. Somerville. Mrs. Lock in pale mauve chiffon was in a party which included Peggy Murrow in red crepe with a white organdie cape. Miss Williams was in black chiffon very plainly cut and her only ornaments were two brilliant clips at the neck. Mrs. McCoy arrived later in the evening with her husband but did not stay very long. Mrs. Beck I just caught sight of in the distance looking very lovely in something green.

The Special Dinner Dance held at the Gloucester Hotel on Saturday night proved to be a great success. It was evident by the large gathering present, in spite of the inclement weather, that the form of dance music as presented by Miss Doreen Ma and George Bond has taken on here, and both could not have done better in their numbers. They seemed to harmonise perfectly and lots of favourite dance tunes were given on the programme. We feel that Mr. Chessex, the Manager, should be congratulated on his novel idea and we wish to see many more of these successful dinner dances held in the future at the Gloucester.

ANTI-JAPANESE VOLUNTEERS

Attack On Military Officers

Harbin, May 17.

Four Japanese military officers were shot on May 14, when several hundreds of Chinese anti-Japanese volunteers launched an attack against the Japanese military headquarters at Yangshan, near Wu-chang hsien, according to a belated report received here.

The volunteers seized large quantities of ammunition from the Japanese during the fight. (Union News.)

REVOLT PLANNED

Harbin, May 17.

According to the Japanese and Manchurian authorities, the anti-Japanese volunteers are planning to stage a big revolt in the near future in Manchuria.

At present, more than 50,000 volunteers under the command of Chao Shan-tze, disguised as beggars, are gathering information from Japanese and Manchurian offices about the military movements of the Japanese and Manchurian troops. As these volunteers are keeping in close contact with their main force at Yilan, the Japanese and Manchurian authorities are taking special precautions. (Union News.)

Nanking, May 16.

The Foreign Office has instructed the Ambassador at Tokyo to make vigorous representations to Japan against the increase of the Japanese garrison in North China. NEW SLIGHT TO DR. ECKENER

STREET NAME CHANGED

Berlin, Apr. 23.

The boycott of Dr. Eckener, the Zeppelin commander, ordered by Dr. Goebbels, Minister of Propaganda, is now being carried to extraordinary lengths. The name of the Eckener Allee, a street called after him in the south-west of Berlin, has been unobtrusively changed to Zehlendorfer Damm, writes a correspondent.

No announcement of this has been allowed to appear in the Press. When I walked down the street this afternoon the new signs were already up, but the change had been made so quietly that few of the inhabitants had noticed it. Shop owners in the street were completely bewildered by the alteration. Readers of the German Press still have no idea that Dr. Eckener is in disgrace.

WHEN G. B. S.

London, Apr. 29.

My paragraph about the prompter who shared a role with an actress has brought me a reminder of the delightful story about Mr. Bernard Shaw (in rather a bad temper) at a rehearsal, writes a correspondent. At the finish he addressed the assembled company and announced that undoubtedly the person who had done best that afternoon was the prompter, for three reasons.

—EXPLAINED—

First, he knew his words perfectly. Second, he spoke them so that everybody in the theatre heard him. And lastly he possessed the supreme merit of remaining invisible throughout the entire performance!

FUGITIVE FROM FRANCE

Italians Release Arrested Man

"Hong Kong Daily Press" Special

Rome, May 17.

The Croatian emigre, Dr. Ante Pavelic, who eighteen months ago fled from France to Italy where he was arrested on suspicion of complicity in the assassination of King Alexander of Yugoslavia and the French Foreign Minister, Barthou, has just been released by Italian authorities.

It will be remembered that France applied for extradition, but Italy refused, so that the trial in Marseilles last winter had to be held in Pavelic's absence. Pavelic was found guilty and sentenced to death in absentia.

Despite this the Italian authorities released Pavelic, declaring that "according to Italian law there are no reasons for keeping Pavelic in custody." (Transocean News Service.)

SARRAUT CABINET NOMINALLY IN OFFICE

Marking Time Until Change Over

FLANDIN SIGNS LAST DOCUMENT

New Government's Policy Foreshadowed

(Hong Kong Daily Press' Special)

Paris, May 17.

Although M. Sarraut's Cabinet is still nominally in office, activity is confined to matters of momentary urgency, while those that can be postponed are being left over for the new Government when formed and installed in office.

Meanwhile those who are destined to form the new Cabinet are making plans to put the programme into effect as soon as they actually have the power in their own hands.

Thus Saturday was the turning point in the French foreign policy. Inasmuch as M. Flandin left Paris on leave from which he will return only for the purpose of handing over the Ministry to his successor, M. Flandin signed the protocol at Quai d'Orsay on Saturday for the last time.

Pending the formation of the new Government, M. Paul Boncour, Minister without portfolio, will carry on the foreign affairs business. Whether Paul Boncour will be Foreign Minister in the Blum Cabinet, as the rumour alleges, is not as yet definitely known.

At the Council of Ministers held on Saturday afternoon, Paul Boncour submitted a report of the proceedings at Geneva while M. Flandin reported on the last conversation in Paris with Mr. Anthony Eden after the close of the League of Nations Council session.

Meanwhile the Home Office has issued the necessary formal announcement that the old Chamber expires on May 31 at midnight, so that at that juncture, that is when the present Sarraut Cabinet ceases to exist, it will conduct business.

Changes in the diplomatic service, originally planned to take place this month have been postponed at the express wish of Leon Blum.

The first session of the new Cabinet is expected to take place on June 1.

AGAINST DEFLATION

Paris, May 16.

The forthcoming new Government's programme was foreshadowed in a speech delivered by M. Paul Faure, Secretary General of the Socialists Party, at a big meeting in celebration of their election victory, although the speaker took the precaution of qualifying his statements by the remark that they

were not made in the name of the coming Government.

M. Faure began by a vigorous denunciation of any form of deflation policy which could only lead to a destruction of fortunes and decrease the consumption of goods.

MEASURES OUTLINED

He went on to outline a number of measures which would have to be taken in order to decrease unemployment, chief of these being a forty-hour week without reduction of workers' earnings, an immense employment creation scheme, great increase in hospitals and sanatoria, slum clearance, and electrification of the countryside.

The finance for these schemes and plans must be raised by an appeal to the small savers to whom they must turn in general public interest and in the interest of national defence.

Should this appeal fail and fall on deaf ears, they had the right to proceed to a general mobilisation of capital.

If a demand could be made of men to sacrifice their lives for their country, then why should not a similar demand be made for capital?

WAY TO PEACE

M. Faure summed up the party's policy with the quotation "For us the way to peace leads through Geneva."

A demand would be raised for simultaneous disarmament beginning with the nationalisation of private manufacture and the sale of arms.

RAILWAYS IN BRITAIN

New Line To Be Put In Service

London, May 16.

To-morrow the Southern Railway brings into service a new line between Wimbledon and Earlsfield constructed as a 2,200 feet long "flyover" to obviate the necessity of local trains crossing the path of fast expresses in and out of Waterloo.

The work which is part of a scheme costing half a million pounds has been necessitated by the great increase of traffic—the number of trains entering and leaving Waterloo daily has increased from about 1,000 ten years ago to over 1,200.

The reorganisation has included wiring of over 70 miles of track or a new colourlight signalling system which will enable distance between running trains to be considerably shortened.

FRANCO-GERMAN WAR VETERANS

Message Appealing For Peace

(Hong Kong Daily Press' Special)

Berlin, May 16.

The German ex-Servicemen's reply to the peace appeal recently addressed to them by the French War Veterans' Association was read by the President of the National Socialist ex-Soldiers Organisation and Vice-President of the Franco-German Society, Oberlindecker, to a distinguished company which assembled in the rooms of the Franco-German Society on Saturday.

After stressing how warmly the French War Veterans' peace appeal had been welcomed by their German comrades, the speaker went on to say that it confirmed the substance of repeated conversations on both German and French territory, and the German ex-servicemen were no less ready to reaffirm just as solemnly their desire for peace and readiness to strengthen the bonds of comradeship by further meetings.

They would do this all the more gladly since to-day they could speak as ex-soldiers of a nation which had completely regained its sovereignty.

SOVIET NAVY DESIRES

Fleets In Baltic And Far East

DEFENCE AGAINST TWO POWERS

London, May 17.

Russia will sign no treaty which does not give her the right to have in the Baltic a fleet capable of resisting the German Navy and in the Far East one able to defend her coasts against the Japanese fleet, declares "Reynold's News."

Referring to the forthcoming Anglo-Soviet naval discussion, the Journal says the principal claim in the Soviet memorandum is that its fleet in the Baltic and Far East which it proposes to create shall be treated as absolutely separate entities.

Soviet Russia does not ask for parity in either case. She relies on her ships only for defence, and takes account of the fact that her air force is superior to that of Japan and probably also that of Germany.

(Reuter.)

NOTE PRESENTED

London, May 15.

The Russian Ambassador, M. Ivan Malsky, handed the Foreign Office a note to-day indicating that the Soviet was willing to open conversations with a view to adhering to the London Naval Agreement.

It recalled that the agreement shelved the question of quantitative armament limitation, and hence the agreement would not affect the size of the Soviet fleet, which would depend largely upon the situation in the Far East and could only be limited if a special agreement were made with Japan.

He hoped that conversations could be begun early next week, the Ambassador said. He approved London as a meeting-place.

It was his hope that the conversations would speedily provide a basis for an agreement along lines similar to those adopted at the recent London naval negotiations.

Miraculous Escape Of Watchman

Paris, May 17.

A miraculous escape from all but certain death occurred at 4 o'clock this morning at the woollen mills at Tourcoing near Lille, when a violent explosion, heard three miles away, and causing damage estimated at more than one million francs, occurred.

Benzene fumes had gathered in a large open hall, and ignited owing to undetermined causes. All windows and doors of the building were blown outwards.

A night watchman who was making his round at that moment was blown through a window and recovered consciousness in the middle of an adjoining field, but otherwise he was none the worse for his adventure.

He denied obstinately that the ignition of the benzene fumes was caused by his smoking.

DUMDUM BULLET ALLEGATION

Italy To Withdraw Note To Geneva

London, May 16.

According to press messages from Geneva, it would appear that the Italian Government has decided to withdraw the communication it deposited with the Secretariat making further allegations as to supply of dumdum bullets of British manufacture to the Abyssinian military forces. In this case it is understood that so far as the League is concerned the document is "nul et non avenant."

As a consequence of the Italian decision, the British Government will not be called upon to reply through the League to new charges brought in support of the allegations which have already been several times the subject of official and categorical British denials both in Geneva and in London.

But whether in view of the considerable publicity which has already been given to the reported contents of the Italian memorandum these allegations require an answer in some other form is a matter which is still under consideration in London.

Meantime two members of Parliament have given notice they will ask the Foreign Secretary in the Commons on Monday if he has any statement to make on the "allegations repeated by the Italian delegation at Geneva last week that dumdum ammunition has been supplied to the Abyssinian army by British firms."

CHINA FINANCE MATTERS

Dr. Kung's Statement

Shanghai, May 16.

LAST MATCH OF SEASON

St. Joseph's Win

POOR PLAYING CONDITIONS

League football came to a close on Saturday with the First Division match between the R.A. Lyemun and St. Joseph's. This game incidentally has three been postponed.

The Saints closed the season with a convincing win of four goals to one. The conditions were far from ideal for football but nevertheless the game was played in a fine clean manner despite the difficulties of ball, control and footwork. The ground was a quagmire, with pools of water all over the field.

The Gunners had themselves to blame for their downfall. It was not so much the superiority of the Saints as their bad shooting in front of goal and their tactical errors in the last line of defence. Boyle and Clancy played too far to the fore and through these tactics caught the opposing forwards outside a few times it was disastrous when they got away.

St. Joseph's secured an early lead, when, following a swift forward raid, Leonard deceived the defence to furnish Ward with a clever pass for the inside-man to cut in and score with a well-directed shot.

Ha dane almost brought off an equaliser when Souza allowed the ball to slip from his hands, but he quickly recovered and saved a dangerous situation.

It was in the second half that the Gunners were able to score, but this was only after the Saints had notched three goals. Leonard increased the Saints lead when he beat Mackrill at short range. It was Leonard again who added the third goal.

Following a powerful drive by Morton which was punched clear by Souza, Knight reduced the lead with a low drive to the corner.

Ward added the final goal for the Saints and had it not been for the slippery ground, which on three occasions deprived the Saints of more goals, they would have finished up with a greater lead than was recorded.

For centuries the world has gone to the Near East for its flavors and aromas and spices.

...and today Chesterfield imports thousands of bales of tobacco from Turkey and Greece to add flavor and fragrance to Chesterfield Cigarettes.

Turkish tobacco is expensive. The import duty alone is 35 cents a pound. But no other place except Turkey and Greece can raise tobacco of this particular aroma and flavor.

This Turkish tobacco, blended with our own American tobaccos in the correct proportions to bring out the finer qualities of each tobacco, helps to make Chesterfields outstanding for mildness and for better taste.

CASE FOR THE SESSIONS

Counterfeit Money

A CARRIER

Pun Chung was committed to stand trial at the Criminal Sessions by Mr. W. Schofield at the Central Court on Saturday when he was charged with the possession of 549 counterfeit five-cent pieces on the Pao On wharf on May 6.

Det. Sergt. Riddell was for the prosecution.

C.R.O. 18 stated that he was on the wharf searching and the defendant was found with the coins wrapped up in a paper parcel attached to his girdle.

Det. Sergt. Riddell said that the police counted 542 coins and on the defendant's person were found another seven.

Defendant stated that a person named Ho Chuen had promised him a loan and when this person came from the country he went and asked him for the loan. Ho Chuen told the defendant that if he would take the parcel ashore he would give him the money. It was to be taken to the defendant's house first and then Ho Chuen would come the same night for the parcel.

Before he had walked ten paces the defendant went on, he was arrested. He submitted to a search and the money was found. Defendant was committed.

GOLF

SURREY WIN COUNTY CHAMPIONSHIP

London, April 27.

As a prelude to the English Amateur Championship, which begins to-day, the English County Championship was decided on Saturday over the links of the Royal Cinque Ports Club at Deal, with the result that Surrey were successful, for the third time in 11 years, a record not yet accomplished by any other county. Worcestershire, Lancashire, and Yorkshire have each won twice. Surrey's winning team consisted of F. Francis, E. F. Storey, W. L. Hartley, and P. W. L. Risdon, a formidable side. Kent were second, three strokes behind Surrey's aggregate of 624, and Lancashire were third with 633.

L. O. M. Munn, who was playing for Kent, was almost the last player to go out in a record field of 88 competitors who, playing two rounds, kept the course busy for almost 12 hours. Munn needed to do another 75 if Kent were to win. Early in the round he was under the impression that 77 would be good enough, but he eventually finished in 79.

The links were in fine order, and though the weather was fine there was quite a stiff breeze.

A KEEN STRUGGLE

It was soon apparent that the struggle would be keen, and it was not long before onlookers realized that Worcestershire would be hard pressed to win for the third year in succession. Three of the players who won the title for them last year were in Saturday's quartet, J. B. Mitchell being the newcomer. Mitchell had the best of their morning scores with 75, which might have been better but for a 6 at the long third, where he was too strong with his first putt, and for three putts on the home green. At the interval, however, Surrey led with 311, Worcestershire being 313, Kent 315, while Lancashire was then fourth with 318.

F. Francis (31) and E. F. Storey (74) were mainly responsible for Surrey's position. Storey took only 33 putts in the round, three of them on the last green, where he had a 6. He had taken 4 to the short 14th through being bunkered. Francis turned in 35, having holed two putts of five yards, for a 2 at Sandy Parlapur and for a 4 at the long fifth. His only bad hole was the long 12th, where he

RADIO'S BRILLIANT SEASON

Saturday also saw the conclusion of the Mamak Tournament when the Champions, the Radio Sports Club beat a scratch Rest Team by the only goal of the game. This goal was scored by Gurbachan Singh, the Colony Interporter, which goal was well deserved in face of his sterling display during the whole game.

The fixture was nearly cancelled as the weather intimidated the K.I.T.C., C.B.A., and Argonauts, members of the Rest Team from turning up. Consequently the team which was finally chosen was one of players who on the last moment sportingly agreed to participate in the game.

Nevertheless this Rest team fully extended the Champions in that they were matched and could only score one goal, this a brilliant goal from Gurbachan Singh's stick, hooked in brilliant style to the roof of the net while running at top speed.

The Radio forwards were ably led by Guest, who made an ideal leader, combining very effectively with his Indian colleagues in the forward line.

The Rest team, contrary to expectations, put up a magnificent front and were at one time in danger of overwhelming their rivals, but lack of stamina at the crucial moment prevented them from pushing home their advantage.

The outstanding features of the match were the performances of two new Indian recruits, who were brought into the team to fill gaps and who were very much in the limelight throughout, particularly Gopal Singh, the right-back, who saved his character time and again from the Radio onslaughts.

After the encounter, the players and spectators were entertained by the Mamak Tournament Committee at the Police Training School quarters, where Capt. G. W. P. Kimm, President of the Mamak Tournament, congratulated the Radio on their very successful season and on their display.

Capt. Kimm made particular reference to the previous season, which he said was full of "incidents," and in referring to the present season he said that he could say without contradiction that the tournament had been practically without any sort of "incidents" and was one of the most successful they had experienced. He also paid tributes to Sub-Inspector Tyler and Mr. A. E. P. Guest for the enormous amount of energy and time they had spent in making the Tournament the success it had been.

grove into the rough and put his third over the green before holing out in 6. He had a splendid 4 at the 18th, which was out of reach with two shots, to most people. Francis played a run-up for his third and holed his putt for a 4. Mitchell fell away in his second round with 81, and none of the other Midland players improved enough to make Worcestershire safe. A total of 637 left the door open for other counties to go through. Storey took 78 in the afternoon, with a 7 at the ninth, where he was bunkered before taking three putts, and Francis also took 78 in his second round. As things went, however, those scores were good enough to help Surrey's total to 624, well ahead of the holders, Lancashire, with 633, also passed Worcestershire, and now only Kent remained, with Munn as their last hope. Munn took 38 to the turn and eventually had the task of accomplishing the last four holes in 18 strokes if his country was to win. Munn failed to get up in 2 at the 15th, missed a short putt on both the 16th and 17th greens, and finished with 5, 6, 5, 4. His score, however, carried Kent into second place, three strokes behind Surrey.

Francis, with 151, had the best individual aggregate of the day and his score of 73 remained unbeaten for a single round. A W. McClure (Essex) looked like beating that total, however, when he reached the turn in 32, but his putting, which had been so brilliant, failed him and he took 42 strokes for the second nine holes.

HOMER GIVES CHINESE VICTORY

Japanese Beaten In Last Innings

BASEBALL STARTS

Overseas Chinese nosed out the Japanese nine on the Caroline Hill Diamond yesterday, eight runs to seven, in a sensational opening clash of the local baseball season.

The large crowd of spectators which turned out in spite of threatening weather to see a game full of thrills, were not disappointed for with the Japanese leading by a run in the last innings, after having trailed behind from the second to the sixth innings, L. Chan hit the ball over the fence to bring a man in on base and score a home run for victory.

Takida was the star of the Japanese nine, hitting a three-bagger and a home run.

Seven innings were played, the scores being as follows:

Inns.	1	2	3	4	5	6	7
Japanese	1	0	0	0	1	0	5
Runs	1	0	0	0	1	1	3
Hits	1	0	0	0	1	1	3
Chinese	0	2	4	0	0	0	2
Runs	0	2	4	0	0	0	2
Hits	0	1	3	0	0	0	1

The Nipponese were the first to collar a run with their initial appearance at bat and the Chinese were struck out without replying.

However in the second innings the Overseasmen obtained two runs to go into the lead for the first time. The third innings saw the Chinese make merry and get a further four runs to lead 6 to 2. Scores kept the same until the fifth innings when the Japanese reduced the deficit by one run.

From the start of the game tight and brainy fielding had been the order of the day and there was little to choose between the rival nines.

GREAT FINISH

When the Japanese were blanked out in the sixth innings, it looked as if the Chinese had the game in the bag. The last innings however saw a rejuvenation in the Nippon side for they got five runs, including a home run which put them one ahead of their rivals.

Excitement ran high when the Chinese battled for the final innings, and when L. Chan faced the Japanese he had one man on base. With the fielders on their toes, and the crowd shouting with excitement, Chan connected and sent the ball over the fence into the roadway next to the Radio Sports Ground.

For the first game of the season, the standard was high. In the last innings of both sides seven runs were obtained and furnished the finishing touches for a game where no quarter was asked nor given.

The line out was as follows:

Japanese:—Kawamura, Yasuda, Takida, Yamasaki, Yajima, Amasahi, Murayama, Nakanoto, Mukuni.
Overseas Chinese:—B. S. Ching, M. Chang, E. Chang, A. Fong, A. Chan, W. Ching, Moe, H. Chang, Lau and Chung.

STOWAWAY SENT TO HOUSE OF DETENTION

Edurds Zarins, 30, a Latvian subject, appeared on remand before Mr. S. F. Balfour at the Central Court on Saturday charged with entering the Colony without a valid passport at the beginning of April.

It will be recalled that the defendant at a previous hearing had said that he was a seaman on board a Danish ship the s.s. Dago which he had missed while in Saigon. He had stowed away to Malilla and from thence to Hong Kong.

On Saturday Det. Sergt. Russell stated that the ship had gone back to Europe and was not likely to return to the East.

Defendant was committed to the House of Detention. The passport case was adjourned "sine die".

HISTORY OF ST. JOSEPH'S COLLEGE

Diamond Jubilee Is Celebrated

OLD BOYS GATHER

Coinciding with the feast day of St. John Baptist de la Salle, founder of the Order of the Brothers of the Christian Schools, St. Joseph's College celebrated its diamond jubilee during the week-end.

Following a concert at the College on Saturday afternoon, there was a reunion of former pupils in the evening and high mass in the Cathedral yesterday.

A comprehensive souvenir magazine reviews the 60 years of the College's history since the small band of six French brothers arrived in Hong Kong on November 7, 1875, and took over St. Saviour's College in Staunton Street where it had been in existence for 11 years.

Placing the new college under the protection of St. Joseph, the brothers started with 75 boys in Pottinger Street but a rapidly growing enrolment caused a removal the next year to more spacious premises in Caine Road.

In 1881 a new college was built in Robinson Road but following the big earthquake of 1918 the building was so damaged that an immediate move was made to the old German Club in Kennedy Road which had been vacant since the beginning of the war. This is the site of the present college.

The souvenir is liberally illustrated with old pictures and is an excellent review of the College's very creditable history.

APPEAL TO OLD BOYS

In an appeal for a revival of the Old Boys Association, Mr. A. Osmond, who presided at the gathering of former pupils, said the school had a splendid sports record behind it and was represented in all professions in the city.

"In the field of commerce," he said, "Old Josephians have supplied the mortar with which the edifice of Hong Kong's vast trade has been built."
